PROFESSIONAL SUMMARY

Entry-level Data Analyst with a BCA degree, currently pursuing an M.Sc. in Information Technology at Gujarat Vidyapith, Ahmedabad. Turns raw data into meaningful insights through data cleaning, exploratory data analysis and data visualization in Python, with hands-on projects in cricket, retail sales and textile business data. Seeking Data Analyst and Data Analytics internship or entry-level opportunities.

TECHNICAL SKILLS

Programming & Data Analysis: Python, Pandas, Data Analysis, Exploratory Data Analysis (EDA)

Data Visualization: Data Visualization, Matplotlib, Power BI, Microsoft Excel

Database / Query: SQL, Database Concepts

Analytical Skills: Data Cleaning, Trend Analysis, Business Data Analysis, Data Interpretation, Analytical Thinking

DATA ANALYTICS PROJECTS

Cricket Data Analytics

[View Project →](#)

Python | Pandas | Data Cleaning | EDA | Data Visualization

- Analyzed cricket match, player and team performance data using Python and Pandas.
- Performed data cleaning and exploratory data analysis to identify performance trends and patterns.
- Created visualizations to communicate meaningful analytical insights.

Superstore Sales EDA

[View Project →](#)

Python | Exploratory Data Analysis | Sales Analytics | Data Visualization

- Performed end-to-end exploratory data analysis on Superstore sales data.
- Analyzed sales, profit, regional performance, discounts and business trends, examining relationships within the data.
- Generated business-oriented observations from the dataset.

SmartTextileAnalytics

[View Project →](#)

Data Analytics | Web Application | Database | Business Data

- Developed a web-based analytics project focused on textile sales, customers and products.
- Combined data processing with database-backed application functionality.
- Worked with sales, customer and product information in a business-oriented domain.

YouTube Data Analytics

[View Project →](#)

Python | Data Analysis | Analytical Programming

- Developed a Python-based project involving YouTube-related data.
- Performed practical data analysis on YouTube-related datasets using analytical programming techniques.
