

Vaghamashi Prashant D.

Data Analyst — Fresher

prashantahir744@gmail.com — +91 70162 70152 — Rajkot, Gujarat

SUMMARY

Motivated BCA graduate from MK Bhavnagar University, currently pursuing M.Sc. IT at Gujarat Vidyapith, Ahmedabad. Seeking a Data Analyst role to leverage expertise in Python, SQL, Excel, and Power BI to deliver meaningful insights and contribute to data-driven decision-making. Demonstrated ability through academic projects involving real-world datasets and end-to-end data pipelines.

EXPERIENCE

Data Analyst (Academic & Self-Initiated Projects)

Fresher — Open to Internship & Full-time

Ongoing
Rajkot, Gujarat

- Designed and developed a **Hotel Management System** (BCA Final Project) using Java and SQL, implementing full CRUD operations with database integration covering room bookings, guest check-in/out, billing, and staff records.
- Built an interactive **Sales Data Analysis Dashboard** in Power BI analyzing monthly sales trends, product performance, and regional comparisons across retail datasets, reducing manual reporting time significantly.
- Performed **Student Result Analysis** using Python (Pandas, NumPy, Matplotlib), identifying performance trends and generating automated summary reports with visual charts for a dataset of student exam records.

EDUCATION

M.Sc. Information Technology

Gujarat Vidyapith, Ahmedabad

2025 – Present
Running

Bachelor of Computer Applications (BCA)

MK Bhavnagar University

Completed 2025

TECHNICAL SKILLS

- Programming & Query:** Python, SQL, Java (Basic)
- Data Analysis & Visualization:** Pandas, NumPy, Matplotlib, Microsoft Excel, Power BI
- Database:** SQL Database Design, CRUD Operations
- Other:** Data Cleaning, Data Visualization, Analytical Thinking, Attention to Detail

CERTIFICATIONS

- M.Sc. IT — Gujarat Vidyapith (Pursuing)
- Power BI Fundamentals — Microsoft Learn
